Subsequently when the plan was sent to me by the Electrical - Engineer, Madras, I found that it was defective and also no - provision was made for lights in my office room, kitchen etc., The estimate had therefore, to be revised. I enclose herein the plan and revised estimate for Rs. 2,800/-. I request that the Board will be pleased to obtain the sanction of Government as early as possible.

Adverting to the correspondence ending with Memo No.1215-Wks./27-2, dated 7-4-1927, I have the honour to state that the Chairman, Bellary Municipal Electrical - Works, has since informed me that electric power to the Collector's Bungalow, Bellary, would be available in about 5 weeks and that the building might be wired up. As it will take about a month to complete the wiring, arrangements are being made to start the work.

The cost of the work will be met from the allotment sanctioned to this division under General Administration-Minor for 27-28. If additional funds are required under - this Head later on in the year, an application will be submitted.
